

Bedford County Department of Fire & Rescue Citizen's Emergency Preparedness Academy

EDUCATION, PREPAREDNESS, PREVENTION

Have you ever wondered what your community Fire and Rescue members do to prepare for the emergency calls they face? Have you ever wondered what training and special skills that they have to intervene in a real world emergency? Have you ever wondered what other potential emergencies have been identified as risk to the community and how you as a citizen should prepare for that event? Do you want to be better prepared to handle the first 72 hours after a catastrophic event? Do you want to learn how to properly do First Aid/CPR or use a fire extinguisher?

If you answered YES to any of these questions, then we have a class for you.....the **Citizen's Emergency Preparedness Academy**.
