

**Bedford County Administration Office**  
**122 East Main Street, Suite 202**  
**Bedford, VA 24523**

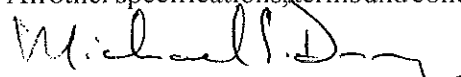

**Title:** Municipal Solid Waste Transportation and Disposal Services  
**Issue Date:** May 13, 2019

The following revisions have been made to the original Request for Proposals referenced above.

**ADDENDUM #1 REVISIONS**

- (1) The time and date to receive sealed Proposals has been changed from 3:00 p.m. June 7, 2019 to **4:00 p.m., June 21, 2019.**
- (2) Along with the Proposal submission extension date and time, all requests for clarification must be submitted no later than **5 p.m. on June 5, 2019** to allow for timely feedback to Offerors.
- (3) To clarify RFP Section 3.2.5.1, charges for hauling recyclable materials to recyclers, if any, will be negotiated with the selected transportation Contractor (after contract award).
- (4) To clarify RFP Section 6.4, the Contractor may make an annual inflation adjustment to the services for an amount up to 3 percent using the CPI-U unadjusted 'All Items' per the link - <https://www.bls.gov/charts/consumer-price-index/consumer-price-index-by-category.htm#> for the most recent 12 month period available from the Federal Bureau of Labor Statistics. The Contractor is required to give Bedford County 180 days notice and provide a copy of the index showing the rate change prior to adjusting any fees. For discussion, Offerors may propose a pricing adjustment process for fuel surcharges and for inflationary periods that exceed 3 percent.
- (5) To clarify General Conditions, Terms and Instructions, item numbers have been changed:
  - (a) From 34 (Default) **to 32 (Default)**
  - (b) From 35 (Anti-Discrimination) to **33 (Anti-Discrimination)**.
- (6) To clarify RFP Sections 2.0 Background and 3.3 Tonnage-Fee Adjustments:
  - (a) The contract start date will be after transfer building improvements are completed, presently projected to be in the May – July 2020 timeframe.
  - (b) Transfer tonnage may be reduced by direct hauling from certain Bedford County collection sites to the regional landfill located on Livestock Road south of the City of Lynchburg Virginia, and from the Town of Bedford. The total possible tonnage reduction is uncertain but presently estimated to be in the range of 10,000 – 15,000 tons.
- (7) To clarify RFP Section 4.2 Specific Proposal Submission Requirements, an Offeror may submit multiple Proposal Forms for the various services, such as transportation and disposal services, transportation services only, and/or disposal services only. Relevant sections of Offeror's Proposal Form should be completed for each proposed service but additional copies of other forms is not required.
- (8) Offerors should submit the revised Certification Page (attached), and acknowledge receipt of current and future Addendums.

All other specifications, terms and conditions remain unchanged.

  
Michael T. Dorsey, SW Div. Mgr.
